Dear Mr. Fontanez:

On behalf of the entire Grucci family, thank you for the confidence in selecting us to produce the fireworks entertainment for Carnival Miami.

We truly enjoy displaying our art. But, when a production requires a State-of-the-Art delivery, such as your event, we love it. The trust and reception you gave us was an exceptional privilege.

So when a production culminates with such perfect precision and beauty as yours, it creates a magic that all the people at Bay Front Park will always remember and look forward to again next year.

Again, our thanks to you, Shelly Diamond and Michael Ahern, for allowing us to display our art for the Marlboro Music event.

We also invite you to please send us your comments about our performance.

Sincerely,

Donna Grucci Butler
